**MAKE IT  
BOLD**

**JOIN US IN CHICAGO JULY 28-AUGUST 1.**

# 75+ YEARS OF INNOVATION IN THE LAB + BEYOND

BOLD MOVES ARE BEING MADE EVERY DAY AS BREAKING SCIENCE SHAPES THE FUTURE OF GLOBAL LABORATORY MEDICINE. THE ANNUAL MEETING IS OUR TIME TO CONNECT, COLLABORATE AND CHALLENGE OURSELVES AND EACH OTHER. JOIN US AS WE INNOVATE AND EXPAND OUR EXPERTISE AS SPECIALISTS IN THE LAB AND BEYOND. TOGETHER, WE'LL CREATE SYSTEM-WIDE CHANGES TO IMPROVE PATIENT OUTCOMES FOR ALL.

# ADVENTURES IN DISCOVERY

FOR FIVE DYNAMIC DAYS, WE WILL UNITE WITH THE GREATEST MINDS IN GLOBAL LABORATORY MEDICINE TO EXPLORE WHAT'S POSSIBLE AND WHAT'S PRACTICAL IN THE LAB AND BEYOND.

## WORLD-CLASS EDUCATION

Connect with global leaders at ADLM 2024 (formerly AACC Annual Scientific Meeting & Clinical Lab Expo) in Chicago this year. Stay ahead of changes in the field with vital research and an educational experience designed to meet your needs with:

- Five plenaries, 65+ scientific sessions, 170+ roundtables, and 700+ posters
- 12 ADLM University courses offering practical skills for laboratorians
- Practical applications to transform the way we are working right now in the lab and beyond
- Opportunities to collaborate and connect with industry peers and leaders
- NEW! Special session on potential FDA LDT regulation and the impact on practice and patients
- And so much more!

## ONE-OF-A-KIND EXPO

Experience the ADLM 2024 Clinical Lab Expo, the premier showcase of laboratory and diagnostic innovations. Connect with peers, working in and outside the lab setting, who share your dedication to enhancing patient health outcomes. Join us at the expo to:

- Explore 900+ exhibitors across 200+ product categories and live demos
- Network at the scavenger hunt, networking lunch, and ice cream social
- Discover cutting-edge research in poster abstracts spanning various clinical laboratory disciplines
- Expand your knowledge at industry workshops and lecture series presentations
- Get inspired by new technologies competing for this year's Disruptive Tech Award

### REGISTER EARLY TO SAVE - MEMBERS SAVE EVEN MORE!

EARLY Through 6/7	ADVANCED 6/8-7/26	ONSITE Or after 7/26
ADLM MEMBER		
\$700 <b>SAVE \$325</b>	\$860 <b>SAVE \$440</b>	\$900 <b>SAVE \$460</b>
NON-MEMBER		
\$1,025	\$1,300	\$1,360

## CUTTING-EDGE SCIENCE AND PRACTICE SOLUTIONS

ADLM 2024 will unite laboratory professionals seeking the latest updates and practice solutions in specialties such as:

- Assay Development
- Clinical Immunology
- Data Analytics & Machine Learning
- Emerging Technologies
- Genetics & Genomics
- Hematology
- Laboratory Informatics
- Mass Spectrometry
- Microbiology & Infectious Disease
- Molecular Diagnostics
- Point-of-Care Testing
- Toxicology and Therapeutic Drug Monitoring
- And more!

### NOT AN ADLM MEMBER?

Join when you register to **SAVE BIG** on this event and get:

- Complimentary viewing of session recordings with the full conference registration (up to \$299 value).
- Exclusive access to the ADLM member lounge to recharge, relax, network, enjoy snacks and more.
- Plus, discounts on a wide array of ADLM meetings, online education offerings, services, and more!

## SESSION HIGHLIGHTS

Explore a few of the 65 Scientific Sessions designed to meet your needs in and out of the lab.

### Monday

- Operationalizing Changes to LDT Oversight: Building Roadmaps When the Rubber Hits the Road
- Accelerating Point of Need Diagnostics to Meet the Growing Demand for Acute and Advanced Care at Home
- The Gift of Life: The Remarkable Role the Clinical Laboratory Plays in Organ Donation

### Tuesday

- Speaking Their Language: Communicating the Essential Role of Lab Medicine to Hospital Leadership
- Improv and the Art of Medicine: Adaptable Skills for an Uncertain World
- Capital Purchases and Cost Accounting for Lab Leaders: Essential Skills for Demonstrating Value

### Wednesday

- Ensuring Equity and Fairness in Machine Learning and Data Analytics
- Expert Witness Testimony in the Courtroom: A Mock Courtroom Experience

### Thursday

- Preeclampsia in the United States: Clinical Details, Best Practices, and Foundational Support
- The Toxicological Problem Accumulating Inside of Us All: Breaking Down the Growing Concerns over PFAS

# ADLM 2024 PLENARY SPEAKER SPOTLIGHT

EXPLORE WHAT'S POSSIBLE AND WHAT'S WORKING NOW  
WITH WORLD-RENOWNED EXPERTS.

WALLACE H. COULTER AWARD WINNER

FEATURED PLENARY SESSION

**Sunday, July 28**

## **Why We Need More Strong Clinical Trials of Laboratory Tests**

**Patrick M. Bossuyt, PhD**

*Full Professor, Clinical Epidemiology*

*Amsterdam UMC*

*University of Amsterdam*

*Amsterdam, The Netherlands*

Clinical trials representing groups sampled from the intended use population are an essential step for properly evaluating new pharmaceuticals and other interventions in clinical medicine, such as surgical strategies. In contrast, laboratory medicine has not experienced serious pressure to provide evidence of clinical performance, or clinical utility, of laboratory tests based on clinical trials. Join us as we present arguments, based on our research, to confirm why we need clinical trials of laboratory tests – and of other medical tests – to support evidence-based clinical practice guidelines, reimbursement decisions, and other recommendations.

**Monday, July 29**

**Lymphoma Biomarkers and Therapeutic Targets  
from Mass Spectrometry-driven Proteomics**

**Kojo S.J. Elenitoba-Johnson, MD**

*Chair, Department of Pathology and Laboratory Medicine*

*James Ewing Alumni Chair of Pathology*

*Professor, Gerstner Sloan Kettering Graduate School of  
Biomedical Sciences*

*Member, Human Oncology & Pathogenesis Program (HOPP)*

*Memorial Sloan Kettering Cancer Center*

*New York, NY, USA*

**Tuesday, July 30**

**Implementation of PGx-based Testing in Precision  
Health: Do You Have Your DNA-passport?**

**Ron H.N. van Schaik, PhD, FADLM, EuSpLM**

*Professor, Pharmacogenetics*

*Head of Department of Clinical Chemistry*

*Erasmus MC University Medical Center*

*Rotterdam, The Netherlands*

**Wednesday, July 31**

**Empowering Choice by Providing More Options in  
HIV Prevention**

**Sharon L. Hillier, PhD**

*Richard Sweet Professor of Reproductive Infectious Disease and Vice-  
Chair for Faculty Affairs, University of Pittsburgh School of Medicine*

*Departments of Obstetrics, Gynecology and Reproductive Sciences and  
Microbiology and Molecular Genetics, University of Pittsburgh School of  
Medicine*

*Director Reproductive Infectious Disease Research, Magee-Womens  
Research Institute*

*Pittsburgh, PA, USA*

**Thursday, August 1**

**Projected Health and Social Consequences of Ending  
the Federal Protection for Abortion in the United States**

**Diana Greene Foster, PhD (she/her/hers)**

*Professor in Residence*

*UCSF Obstetrics, Gynecology and Reproductive Sciences*

*Advancing New Standards in Reproductive Health (ANSIRH)*

*San Francisco, CA, USA*

900 Seventh Street, NW  
Suite 400  
Washington, DC 20001
